

General Conditions of Participation for on-site Trainings, Seminars, Training Courses and Workshops, Symposia, Conferences (each an “Event”)

The conditions of participation are part of the online registration for all on-site events.

1. Scope of Application

The following conditions of participation apply in addition to the general terms and conditions of Energynautics GmbH and only apply to the legal relationship between the participant and Energynautics GmbH based on registration for the Event; further contractual relationships remain unaffected.

2. Registration / Invoicing

The registration for participation in an Event must be made online on <https://conference-service.com/regridweek2023/welcome.html>. No fees will be charged for online registration in addition to the participation fee. A claim for an admission to the event does not exist. The registration has to be made in English language.

The registration has to be made by filling out the fields in the online registration form for on-site events. The complete input can be reviewed on the summary page that will open up after completing the first page of registration. To correct input errors click on the tab “Your Order” on the top of the registration form. The registration process can be cancelled by simply closing the browser window. By clicking the confirmation buttons „Purchase now and proceed to credit card payment“ or “Purchase now and pay by bank transfer”, the declaration becomes binding. With completion of the registration process the participant accepts the conditions of participation, confirm their participation in the Event and undertake to pay the participation fee in due time.

Participants registering for discounted fees such as “Student”, “Speaker”, “Poster” or “Sponsor” and “Partner”:

- a) Discounted student fees are granted to students age 26 or younger only (not PhD students or post-docs). Proof of these conditions has to be provided to registration@integrationworkshops.org before starting the online registration procedure. If approved, they will receive a student discount code for online registration at student ticket prices.
- b) Speakers and poster presenters need to enter at least one of their submission-ids in the respective text box during online registration. Only one speaker or poster presenter can register per accepted and confirmed submission ID for speaker or poster presenter fee. The reduced fee only applies for the conference the speaker/poster presenter are presenting in. For the other events regular fees apply.

- c) A valid sponsor or partner agreement detailing the number of free or discounted sponsor/partner tickets. Only the contracted number of tickets can be purchased at the discounted sponsor or partner price.

Registrations will be considered in the order in which they are received. If the registration is accepted, the participant will receive a confirmation of registration and an invoice before the start of the Event. The participant will receive the contractual provisions together with information on the Event they have registered for.

The participation fee is due for payment immediately upon receipt of the invoice, at the latest within the payment period stated on the invoice. All payments have to be made in EURO and the participant shall bear all costs incurred by wire transfer. Payment options are: bank transfer (available until 5 September 2023) or credit card via our payment provider. If a credit card is used for payment the credit card statement will indicate a payment to Energynautics GmbH, Robert-Bosch-Straße 7, 64293 Darmstadt, Germany.

The Symposium and Workshop Participation Fees include the catering's day delegate rate (including soft drinks, delegate coffee breaks with finger food and drinks, delegate lunch on the days of the booked event day(s)).

Energynautics GmbH reserves the right to exclude a participant from participation if the amount invoiced has not yet been paid in due time, latest at the start of the Event, unless otherwise agreed.
